

ALLIANCE SEED PT 5003

PT 5003(TO BE NAMED) WILL BE AVAILABLE SPRING 2025

A new addition to the Alliance Seed portfolio, PT5003 is a CWRS wheat variety from Dr. Pierre Hucl, Crop Development Center, University of Saskatchewan. With **early maturity and excellent yields**, this variety will be a great fit for growers that love the earliness of AAC Redberry in a shorter plant with improved lodging resistance.

PT5003 (TO BE NAMED) FEATURES:

- Yields of 114% of the mean of the check cultivars in the 2018-2020 Parkland Coop trials, 106% of AAC Redberry
- Early Maturing
- Semi-dwarf
- Good Lodging Resistance
- Excellent Disease package
